### PICKING ON POOR LITTLE ORDINANCE

#### City Plumbing Law Is Latest to Be Whacked in the Courts.

Have the city fathers made a blunder, and in that model plumbing ordinance, at that? The circuit court is just at present confronted with the delicate predicament of considering this question and whereas it has only one chance to vindicate the county statutes, it gets three to take a whack at them.

The trial of Furabayashi commenced yesterday before Judge Cooper, E. W. Milverton conducting the prosecution which charges the man with having installed drains, connected sewers and done other plumbing without first taking out the permit required by the plumbing ordinance.

J. A. Magoon, who is conducting the defense, claims first that the man was putting in the plumbing himself and on his own place and therefore was not amenable to this requirement. If this plea fails he will have a still more important one to fall back on in the one wherein he asserts that the city solons neglected to provide any punishment for one breaking this provision of the ordinance.

And again, if this last plea fails him, the still stronger one of constitutionality, the real point involved, may serve to free the defendant from the necessity of taking out a permit and answering for his past neglect.

Magoon claims that the supervisors had no right to pass such an ordinance and that the act creating the municipal government does not give them police privilege to that extent. Neither, he claims, does it give them the right to deprive a man of his constitutional rights in putting in lead pipes in his own back yard.

Plumbing Inspector Mielstein was the principal witness yesterday, testifying as to the offense, although the facts are practically stipulated.

### THE DAY'S DOINGS IN THE STOCK EXCHANGE

Moderate trading was recorded on a slightly weaker market yesterday, with Ewa a small favorite in off board sales on Monday afternoon. With the exception of Hawaiian Commercial which was bid and sold at 33 flat, Ewa was the only paper appearing on the market at a comparatively steady figure.

Ononua traded Monday afternoon at 35.50 and 35.75, a block of fifty of each changing hands with the smaller figure last. This is a decline from 41 recorded on previous sales, the stock not having appeared for some time previously.

Waianua, a further decline in which was commenced simultaneously with the report of the Lelelelan irrigation plans dropped to 87.50 from the previous low figure of 92.50, 86 flat being bid and two dollars more asked.

Oahu Sugar is weak, taking off the fraction on session sales to a flat figure of 25 on a block of eighty shares. Trading in the afternoon did not bring the market back to a steady basis, Pioneer selling at 170 on the street after a gradual decline in bidding from 177.50. Other securities moved in the afternoon at a lesser rate of decrease.

Brokers do not look for a stronger stock market until the 1911 crop is all advanced sufficiently to give an assurance of a stronger selling market. Possessive production regarding the spring quotations on raws counterbalanced the return of sugar to the four cent basis yesterday.

Sales yesterday were:  
Ewa—10 @ 27; 10 @ 27; 30 @ 27; 10 @ 27; 25 @ 27.  
Ononua—30 @ 35.50; 50 @ 35.75.  
Oahu—50 @ 25.  
Oahu—80 @ 25.  
Waianua—10 @ 87.50; 10 @ 87.50.  
Hawaiian Commercial—10 @ 33.

### NEW WAREHOUSE FOR THE BREWER ESTATE

A new warehouse for the Brewer estate to be erected by Mr. Craig on the site now occupied by the old warehouse facing the new city and street line between Hotel and King streets. There will be 1,500 square feet of floor space and two stories and a basement. Besides this a salway will be built to Mr. Craig's store with the new warehouse.

Six bids were received as follows:  
K. H. & C. A., \$10,000; J. H. & C., \$22,800; M. H. & C., \$21,480; Lord and Young, \$21,000; W. H. & C., \$20,000; J. H. & C., \$19,000; J. H. & C., \$18,000; J. H. & C., \$17,000.  
The extension to Lyons' Brothers, which are also being carried out by Mr. Craig, are being completed and it is expected that they will be ready for occupation in about a fortnight.

### GUNNING FOR CHIEF OF SPECIAL STAFF

#### Disgruntled Jailer Asks That McDuffie Be Kicked Out.

Some one is going gunning for Chief Acting Melville, head of Honolulu's special police staff. Of ordinary dimensions it is not safe to gunning for Chief McDuffie, who is a man of considerable inches, and the name of the man in this instance is stated only by the fact that his powder was wet.

The chief's name is sought by many other than Harry Jones, who is a man under Aech at the city hall. Harry Jones is a misguided individual who just vilified Sheriff Jaffert and Deputy Rose on the street corner, and then panted poverty, showed a paraded hat and told a far-fetched story, and got a job in the jail.

Yesterday he went to a member of the Democratic central committee and announced his candidacy for McDuffie's job. His reception was of the gold and dump variety, but he is not daunted and the chances are, provided he is not all bluff, that he will lay his petition before that august body.

He claims several things. First of these is that McDuffie is a Republican. This is exclusive information as the feature of McDuffie's administration of the special staff is the manner in which he has kept himself and the staff as a whole out of politics altogether. Another charge is that McDuffie is an opium smoker and hits the pipe often. This is still more exclusive.

Still another charge brought against the chief, according to a statement made by one of the prisoners at the jail is that he was clandestinely meeting Charlie Achi during the campaign and working against the sheriff. There are sundry other charges, such as that McDuffie can not read and write his own name and is drunk most of the time.

Harry has been assured by the Democratic committee members that his fit petition will be slaughtered if it is ever presented. Harry will probably sever his connection with his job before that.

### CATTLE FOR PARKER RANCH ARE PRIZES

The Hereford cattle imported by the Parker ranch were paraded on Bishop Park opposite the Alexander Young Hotel, yesterday afternoon, and were the center of attraction. Mr. Carter, who chose the cattle from the best herds available in the States, is to be congratulated on his selection as the beasts are a fine even lot and should hold their own anywhere. Being pure bred animals the colors are naturally true to type and is also the general build of the beasts.

Peter Parley, who will be four years old next spring, is the veteran of the herd and is a great animal. His weight when he was shipped aboard was 2500 pounds. The great breadth between the eyes, the perfectly shaped horns, the depth from the nostrils downwards, the broad and even jaw and the heavy hindquarters all indicate the perfectly bred beef and was a revelation to some of the cattle men who have never had the opportunity of seeing the genuine article before.

Among the rest are Prince Rupert 17, who will be three years old next spring; Prince Rupert 23, who will be two years old next spring; and Maudie, who will be one year old next spring. The sire trace, which they have been bred in since Duke, the late Duke, Prince and Penn's blood.

A few dozens of the same quality have been seen elsewhere, but not in this group, all having the perfect characteristics that are not likely to be met with, and especially in the case of the latter two, which are pure bred, which is a great credit to the breeder, who will not rest until he has secured the best of his kind, and this put in perspective in a shorter period than any would expect.

**ELECTRIC COOKERS ON WARSHIPS.**  
WASHINGTON, Dec. 13.—The electric range heater will be used to do all the cooking for the sailors aboard the new ships of the navy, as thoroughly tests have shown the superiority of the electric range over the old and galleys, not only in convenience, but in economy, as well. In some cases it has been found that electricity can be used for cooking purposes with better results than steam.

The machine generators have been driven out the remaining engine and boiler on the battleship, and the crew of the old ship will be transferred to the new ship and will be transferred to the new ship and will be transferred to the new ship.

**PNEUMONIA PREVENTED.**  
The greatest danger to the health of the child is pneumonia. This can be avoided by the use of the "Little Remedies," as it will give the child the best protection and the best results. For sale by all druggists, Benson, Smith & Co., agents for Hawaii.
